Subject: remaining wells

See below for details efforts on remaining wells... bottom line: 1 well will not resample - barn not residence, 3 wells we already committed to resampling, 2 wells sent certified letter to resident - have not had a response, and 1 well can't contact residents... let me know if you have any questions.

There are 7 homes on the 1st round list that were not sampled yet. Here is their current status (as requested).

1. Ex. 6 - Personal Privacy wants to build a home on Ex. 6 - Personal Privacy property in the site area, but right now that property is not a residence and only a barn is located there. We told Ex. 6 - Personal Privacy we would not sample the well since its not a home well.

2. Ex. 6 - Personal Privacy on the day of sampling (part of lawsuit). We told Ex. 6 - Personal Privacy we would sample them when our crew came back for the resampling. They expect to hear from us.

3. Ex. 6 - Personal Privacy these are the Ex. 6 - Personal Privacy (Ex. 6 - Personal Privacy) who lived in the Ex. 6 - Personal Privacy where we are supplying water. They inherited Ex. 6 - Personal Privacy and move there recently. Another family member moved into the Ex. 6 - Personal Privacy which the Ex. 6 - Personal Privacy vacated. The Ex. 6 - Personal Privacy was empty when we were sampling Ex. 6 - Personal Privacy we told the Ex. 6 - Personal Privacy we would sample the Ex. 6 - Personal Privacy when our crew came back for resampling. They expect to hear from us.

3. Ex. 6 - Personal Privacy and is home now. We told him we would sample them when our crew came back for resampling. They expect to hear from us.

4. Ex. 6 - Personal Privacy Nobody lives at the residence in the site area. We left messages w/his wife on 1/30 and

2/2. [Ex. 6 - Personal Privacy] spoke to [] on 2/7. At that time, [] was going to try to work something out. [] could not miss work and does not live at the house, there is no water/electric at the house. Since then, [] never returned subsequent calls. We have no valid address for []

5. [Ex. 6 - Personal Privacy] We left numerous messages on a machine and also left one with [Ex. 6 - Personal Privacy] [] did not return any of those calls and did not respond the certified letter sent on February 8th signed by Rich Fetzer.

6. [Ex. 6 - Personal Privacy] We did not have a valid phone number for [Ex. 6 - Personal Privacy] [] was sent a certified letter on February 8th, signed by Rich Fetzer, that [] did not respond to.

Note: [Ex. 6 - Personal Privacy] are part of the lawsuit. We also notified their attorney [Ex. 6 - Personal Privacy] [] through our attorney that he could contact us to schedule sampling for them, but we have not been contacted to date.
